## ALPS OutdoorZ Announces Voyager X, New Product for Extreme Line 2016

**New Haven, MO** – When it was time to design and manufacture the best packs on the market, ALPS OutdoorZ didn't take the challenge lightly. Using premium materials and components, extremely adjustable and comfortable suspension systems, and design features that support a variety of hunting activities, the Extreme line of premium hunting packs burst onto the scene in 2015.

"After successfully launching our new line of premium Extreme hunting packs to some very positive feedback, we knew we couldn't stop there," explained Zach Scheidegger, ALPS OutdoorZ product manager. "The new products that we are introducing to the Extreme line this year really expand upon what makes the Extreme line such a fantastic group of hunting packs."

Coming off the heels of the successful launch of the Extreme line of premium hunting packs, ALPS OutdoorZ looked to continue to innovate and expand into new product categories. Bringing their signature brand of quality designs and features to the first expansion of the Extreme line, ALPS OutdoorZ proudly announces a brand new Extreme product for 2016; the **Voyager X**.

The Voyager X is a high quality, rugged luggage piece that will perfectly complement each of the other products in the ALPS OutdoorZ Extreme line. Perfect for hauling all of your travel essentials when packing for an extended hunting trip, the Voyager X will become your go to luggage. Constructed using the same 1680D Nylon Ballistic fabric found in all of the Extreme line of products, and using reinforced protected side walls, the Voyager X is extremely tough and will withstand heavy abuse. Hypalon has been strategically implemented into the design to strengthen stress points, and high quality roller wheels and a retractable pull handle are also included in the design. Oversized #10 zippers in the main storage area are extra durable and insure the Voyager X will not open unexpectedly. The lid offers additional interior storage with a separate pocket, and the two front outer pockets are perfect for smaller items that you need quick and easy access to. Four easy to grab handles are built into the Voyager X, and an identification holder is implemented into the back of the piece, perfect for labeling when traveling by air. Interior compression straps insure that the items you pack will remain in place throughout your journey.

The Extreme line of packs aren't only practical, durable, and aesthetically appealing, but they've been used and abused by hunters in regions all across the US to ensure that they really are the best choice on the market. ### About ALPS OutdoorZ

ALPS OutdoorZ is part of ALPS Brands, which started with ALPS Mountaineering in 1993, with the mission of providing quality, high performance, and affordable gear for backpackers and campers. ALPS Mountaineering designs and markets tents, sleeping bags, air pads, packs, camp furniture, and other outdoor accessories. ALPS OutdoorZ was started in 2007 when the company extended their knowledge gained from designing quality backpacking and camping gear to market and design camouflaged gear for hunters, such as packs, blind chairs and camp furniture, sleeping bags, and gun cases. ALPS OutdoorZ items are sold and distributed in the best camping, backpacking, and outdoor dealers throughout the entire US and Canada.
