## ALPS OutdoorZ Proudly Announces the Stealth Hunter Deluxe

**NEW HAVEN, Mo.** – ALPS OutdoorZ continues to expand their popular furniture lineup with the new Stealth Hunter Deluxe, the most sturdy and comfortable 360 degree rotating blind chair design featuring newly added armrests.

“We are excited to offer what we consider a luxury spin-off of the popular Stealth Hunter. The Stealth Hunter Deluxe offers all of the original features of the Stealth Hunter with the addition of removable and adjustable arm rests. We all know waiting for the perfect shot can take time. The Stealth Hunter Deluxe will give you that maximum comfort while you wait for action, and when the time is right the arm rests can give you the support you need for a steady shot. Blind hunting can’t get much better,” says Zach Scheidegger, ALPS OutdoorZ Product Manager.

The Stealth Hunter Deluxe offers the same reputable features the original Stealth Hunter is known for. Made of durable TechMesh material with a powder-coated steel frame, the Stealth Hunter Deluxe features a backrest with ample support and maximum comfort. The four legs adjust independently for stability on uneven ground and the large swivel feet prevent sinking in soft ground. An adjustable seat height and 360 degree swivel helps hunters obtain the perfect vantage point in a fraction of a second. The included shoulder strap and compression strap for the chair base make transport to and from favorite hunting sites quick and easy. The Stealth Hunter Deluxe is the perfect chair to ensure you are comfortable and always in the optimal position as your next trophy comes along.
