ALPS OutdoorZ Introduces Delta Waterfowl Boat Blind Chair

NEW HAVEN, Mo. – ALPS OutdoorZ, official manufacturer and licensee of Delta Waterfowl gear, proudly announces the Boat Blind Chair, a new addition to their 2018 waterfowl hunting line.

“From our experiences and hearing from other hunters using boat blinds, it seems you can never find that perfect chair,” says Zach Scheidegger ALPS OutdoorZ Product Manager. “The Boat Blind Chair gives you that low/adjustable profile that has been missing in the industry. We think the Boat Blind Chair will be a great addition to any boat blind hunter’s setup.”

When convenience and comfort are at the top of the priority list, the Boat Blind Chair is the perfect addition to your next waterfowl excursion. Featuring durable 600D polyester construction and a sturdy powder-coated steel frame with shorter leg height design, the Boat Blind Chair can achieve a low profile position – keeping hunters concealed in the boat blind while they work a group of birds. The Boat Blind Chair also features four independently adjustable legs to provide level seating when the chair is on an uneven surface of the boat bottom, which assures a comfortable and relaxed position as the birds drop in. Zippered storage, located directly under the wide seat, and small organizational pockets on both sides of the chair give hunters easy access to gear and shells. The new chair—priced at only MSRP \$39.99—conveniently folds and includes a shoulder carry strap for easy transport.

Brought together by a shared passion for conservation and a love of waterfowl hunting, ALPS OutdoorZ partnered with Delta Waterfowl in late 2015 to bring to market a brand new line of high quality gear specifically for waterfowl hunters.
