ALPS OutdoorZ Announces their Delta Waterfowl Legend Layout Blind

NEW HAVEN, Mo. – ALPS OutdoorZ, official manufacturer and licensee of Delta Waterfowl gear, proudly introduces a new addition to their waterfowl hunting line: the Legend Layout Blind.

Following in the footsteps of the best-selling patent-pending Zero Gravity Layout Blind, comes the Legend Layout Blind, which is designed for hunters braving the harshest elements. Offering the same unmatched comfort using the zero-gravity chair design, the seat keeps you off the ground while maintaining a low profile.

“While many of our hunters appreciated the floorless Zero-Gravity Layout Blind, there were some requests for a model that included a floor,” says Zach Scheidegger ALPS OutdoorZ Product Manager. “The Legend Layout Blind now gives our customer the option to have a floorless model or an enclosed floor model. Each of these models has its own benefits in a variety of elements a hunter can encounter. We are excited to be able to offer both options to our customer, while keeping the same innovative zero-gravity chair design.”

The Legend Layout Blind provides an enclosed waterproof tarpaulin floor, which protects you and your gear when weather conditions are challenging but the hunting is prime. A mesh face screen offers concealment without obstructing your view of the sky. The rear zippered door gives easy access to the pit storage area. No assembly is required and the backpack carry straps make hands-free transporting easier and faster than ever before. The blind also includes stubble straps throughout for better concealment and a padded head rest for maximum comfort. The cockpit has an opening dimension of 24 inches by 56 inches and features zippered flag ports on each side. The Legend Layout Blind provides the comfort, concealment, protection, and mobility you need to make a successful waterfowl hunt.

Brought together by a shared passion for conservation and a love of waterfowl hunting, ALPS OutdoorZ partnered with Delta Waterfowl in late 2015 to bring to market a brand new line of high quality gear specifically for waterfowl hunters.
