ALPS OutdoorZ Announces the Impact Vest for 2018

New Haven, Mo. – ALPS OutdoorZ is proud of its longstanding partnership with the National Wild Turkey Federation (NWTF). Together, they have released a line of quality, dual-branded turkey hunting gear, including vests and pack systems, furniture, gun cases and hunting blinds. They are expanding their line in 2018 to include the Impact Vest.

“We think customers are going to get excited about our newest turkey hunting vest,” says Zach Scheidegger, ALPS OutdoorZ Product Manager. “The Impact Vest gives turkey hunters the mobility of a run-and-gun style setup, with the comfort of a kickstand or metal-frame vest. It’s lightweight and easy to carry, and still offers a comfortable and supportive seat. The Impact design gives hunters the best of both styles.”

The functional design of the NWTF Impact Vest gives hunters a versatile, lightweight, sit-anywhere hunting vest—ready at the flip of a seat. The Impact Vest boasts numerous pockets for a variety of calls – a slate call pocket for two slate calls and three strikers, a silent box call pocket, five shotgun shell loops and three diaphragm call pockets. A removable front pocket features a shoulder strap for run-and-gun style hunts and the seat conveniently folds away or completely detaches when not in use. The Impact Vest also includes a game bag on the back of the vest, which features a pocket inside for decoy stakes. The soft, durable Brushed Tricot fabric reduces noise, and the popular camo patterns blend seamlessly into its surroundings. The Impact Vest provides hunters with all the convenience of a metal-frame vest while remaining lightweight and versatile.

The NWTF is a non-profit organization dedicated to the conservation of wild turkey and the preservation of turkey hunting for future generations. To learn more about the NWTF please visit www.nwtf.org.
