NWTF Super Elite 4.0: A Turkey Vest for Every Hunter

ALPS OutdoorZ and the National Wild Turkey Federation have partnered together to release a line of quality, dual-branded turkey hunting gear including vests and pack systems, furniture, gun cases and hunting blinds. Included in this new line of gear is the **Super Elite 4.0** turkey hunting vest.

“We are very excited about getting the opportunity to help bring back the Super Elite to the turkey hunting community. Working closely with Mossy Oak and the NWTF we really thought about features of the classic vest that worked well, what could be improved on and what could be added to help better accommodate the modern-day turkey hunter without changing the overall classic vest design that so many people love.” said Zach Scheidegger, ALPS product manager.

The Super Elite 4.0 features a total of 22 pockets, including two large slate call pockets, three striker pockets, a box call pocket, two mesh diaphragm call pockets and an easy-access cell phone pocket. In addition to the multitude of pockets, a removable 2.5 inch thick fold away seat allows you to sit anywhere without having to carry an extra seat. A blood proof breathable game pocket is included for carrying gear out to the field or game back from the field. The Super Elite 4.0 is constructed using a quiet cotton liner and has breathable mesh panels throughout.

The NWTF is a non-profit organization dedicated to the conservation of wild turkey and the preservation of turkey hunting for future generations. To learn more about the NWTF please visit www.nwtf.org.
