Black Bear Chair is a New Addition to Browning Camping Line

Browning Camping is proud to announce a new camp chair--the Black Bear. "This portable chair is ideal for any outdoor adventure you're planning this fall, and the black fabrics couldn't be more perfect for your ground blinds," says Adam Brune, Product Manager.

The Black Bear is a compact, foldable chair that is suitable for campers and hunters who are on the go. While the profile of the chair is small enough to easily pack and transport, it still features the strength and durability that Browning Camping is known for. Its dimensions are 20 inches wide, 16 inches deep and 30 inches high. At only 9 pounds, the Black Bear has a weight capacity of 400 pounds.

The powder-coated steel frame and 600D polyester fabric with a TechMesh center ensures sturdy, dependable chair performance. The Black Bear also includes a coordinating shoulder-carry bag.
