Browning Camping Releases New Hawthorne Dome Tent

NEW HAVEN, Mo. – Browning Camping is excited to announce the new 2018 Hawthorne tent series. Offered in both a four-person and six-person model, the Hawthorne is a traditional dome-style tent which boasts easy assembly and quality craftsmanship Browning customers have come to expect.

The Hawthorne features a free-standing, two-pole design using shock corded fiberglass poles and easy entry via two doors with single-zip operation – allowing you to exit or enter without disturbing other campers. The second door also provides extra ventilation in hot, muggy weather. A full length, waterproof fly offers superior weather protection and resists UV damage. Each seam of the fly and tent floor are factory sealed to ensure premium weather protection. The side walls with mesh panels along with zippered windows provide ample air ventilation. Each tent door is covered with an awning for excellent rain protection. Large door zippers offer extra durability and smooth operation. Mesh storage pockets and a gear loft are included to keep your gear organized.

An optional floor saver with webbing loop corner attachment -- available in both four-person and six-person sizes – can offer even more protection for the tent floor.

The Hawthorne provides campers with no-fuss assembly and quality construction which won't disappoint. Your next adventure awaits you with the Hawthorne dome tent.
