ALPS OutdoorZ Floating Deluxe Bling Bag Now In Blades

NEW HAVEN, Mo. – ALPS OutdoorZ has expanded its pattern availability for the do-it-all Floating Deluxe Blind Bag. In addition to the original Realtree MAX-5 pattern, the company is now offering this multi-purpose bag in Mossy Oak Shadow Grass Blades.

Shadow Grass Blades is an ultra-realistic pattern that mimics vegetative fields and marsh-edge environments dominated by long grass. By precisely coordinating real grass and thatch imagery with enhanced shadows and highlights for contrast, the Shadow Grass Blades pattern delivers an uncanny 3D effect. This new pattern offering compliments the ALPS OutdoorZ Zero Gravity Layout Blind and the Backpack Blind Bag also available in Shadow Grass Blades.

The Floating Deluxe Blind Bag is a diverse gear tote for any waterfowling adventure. Constructed of a durable outer shell, the main compartment is made of a non-absorbing, closed-cell foam that is further sealed with a waterproof membrane to ensure maximum floatation and to keep contents dry even when sitting in water. In addition to the main compartment, which comes with multiple interior dividers for customized storage, this bag has numerous exterior pockets to keep smaller items organized and within easy reach. There is even a Thermos®-style pocket to keep a hot beverage handy and a draw-tight panel on top of the lid can be used to secure a jacket or other bulky items. Portability comes via a padded shoulder strap for hands-free carry or a padded carry handle.
